PURCHASING A DOG LICENSE:

1. Verify the rabies vaccination date on this application. If the vaccination is expired, or expires soon, a new vaccination is needed and then a new license can be purchased. Send updated proof of rabies with this application.

2. Licenses can be purchased the month before, the month of, and the month after the rabies vaccination month. The rabies vaccine must be valid the duration of the dog license.

3. Mail BOTH copies above (this entire application). If rabies information is not correctly printed on application above, please also send updated shot record. If your pet has been spayed/neutered, please send certificate showing proof. All documentation will be returned.

4. Three year licenses can ONLY be purchased by those who are at the START of a three year vaccination. Send copy of updated rabies vaccination. For those in the middle of a three year vaccination, a one year license must be purchased until a new three year vaccination is given.

5. Those with a September, October or November expiration date must purchase license at Animal Control, Treasurers Office or by mail. Vet's office or local unit cannot sell licenses during that time.

DELINQUENT -- Licenses must be purchased the MONTH BEFORE, the MONTH OF, or the MONTH AFTER the rabies vaccination month for ALTERED or UNALTERED prices above. If license is purchased more than one month after rabies vaccination month, the license is delinquent and must pay price listed in DELINQUENT box above. Renewal date will be the month the rabies shot was given. Failure to receive renewal reminder does not waive delinquent prices.
